# Submission Details for Architectural Sprint

The submission details for each sprint follow:
- Submit a zip file with the name,
  **<yourgroupnumber>_<yourgroupname>_sprint<N>.zip**,
  Where **<N>** stands for the sprint number.
- A **report** in PDF format (1 page) including:
  - Group number, Group name, and Student IDs.
  - GitHub link.
  - State the relative amount of work done by each group member. If the workload distribution is not evenly divided among the members, please explain why.
  - **If the workload distribution is even, state "All members contributed equally".**
- A **software architectural design document**.
- A **project plan document** (See Project Handbook for a sample).

# Rubric

| Assessment Criteria for Architectural Design Sprint (Weight: 15 Marks) ||
|---|---|
| **Criterion** | **Penalty (Marks)** |
| Software design document **is not submitted.** | - 15 |
| The activity/sequence diagram (in UML or any modelling software) for any one software requirement **is missing.** | -5 |
| The class diagram (in UML or any modelling software) any one software requirement is **missing**. | -5 |
| The architectural pattern/style is **missing**. | -5 |

# Rubric

| Assessment Criteria for Project Plan (Weight:5 Marks) | |
|---|---|
| **Criterion** | **Penalty (Marks)** |
| The Project Plan document **is missing.** | -5 |
| Project Plan is **incomplete**. | -3 |
| Project Plan has **features illegible to the users.** | -2 |
| Project Plan has **implementation details**. | -2 |
